Paper 3

Monday 16 May 2022 (morning)

1 hour

Instructions to candidates

- Do not turn over this examination paper until instructed to do so.
- Answer one question.
- The maximum mark for this examination paper is **[28 marks]**.

Answer **one** question.

When relevant, answers should refer to case studies or examples, and where appropriate include well-drawn maps or diagrams.

You can make use of geographic perspectives related to both global change and global interactions.

1. (a) Using examples, explain how **two** types of financial flow connect different places together. [12]
(b) “The environmental costs of global economic growth outweigh the social gains.” To what extent do you agree with this statement? [16]
 2. (a) Analyse how interactions between places can be affected by the physical environment. [12]
(b) “New technologies solve more global problems than they create.” To what extent do you agree with this statement? [16]
 3. (a) Explain the strengths of the United Nations (UN) Sustainable Development Goals as a way of supporting the human development process. [12]
(b) “Economic challenges are the main cause of opposition to globalization.” To what extent do you agree with this statement? [16]
